Brief of Scheme of Arrangement

Transfer of NCDs from Gujarat State Petroleum Corporation (GSPC) to Gujarat State Investments Ltd (GSIL)

Background

- Gujarat State Petroleum Corporation (GSPC) is a Government of Gujarat (GoG) entity with GoG holding ~87% directly and balance 13% through other GoG entities.
- GSPC had issued Non-Convertible Debentures (NCD) of Rs. 6,000 Crore in two series i.e. Rs. 3,000 Crore each in September 2012 and March 2013.
- Presently, GSPC is rated BBB+ (60-year NCDs are rated BBB) by CARE Ratings and BBB (60-year NCDs are rated BBB-) by CRISIL Ratings.

Takeover of NCDs by GSIL

- GSPC has undertaken a debt realignment exercise, under which GSPC has obtained Government of Gujarat (GoG) approval for take-over of the NCDs of Rs. 6,000 Crore by Gujarat State Investments Ltd (GSIL), a wholly owned subsidiary of GoG, under which GSPC will be issuing necessary equity shares to GSIL.
- Government of Gujarat has issued a Government Resolution (GR) wherein it has been stated that the NCDs shall be taken over by GSIL. The servicing of NCDs by GSIL shall be met through budgetary support from GoG.

Brief Information about GSIL

- GSIL is an unregistered Core Investment Company engaged in the business of investments in GoG companies. GoG currently holds entire 100% equity stake in GSIL. Some of the key investments of GSIL include Gujarat State Fertilizers & Chemicals Ltd (37.84%), Gujarat Narmada Valley Fertilizers & Chemicals Ltd (21.38%), Gujarat Alkalies & Chemicals Ltd (20.87%) etc. GSIL also holds approx. 7.47% shareholding in GSPC.

Brief financials of GSIL are given in the following table.

Benefits on account of Takeover of NCDs

- GSIL, wholly owned subsidiary of GoG, is receiving committed support from GoG for servicing of NCDs. **The security aspect of instrument as far as investors are concerned shall improve significantly**, in view of the committed support from GoG.
- The take-over of NCDs by GSIL is slated to upgrade the rating of the instrument. GSIL has already initiated proposal for obtaining an advance rating for the instrument. GSIL has engaged Brickworks Ratings for obtaining rating for the instrument subsequent to

transfer of NCDs. Brickworks Rating has issued rating of BWR AA. Further the Company has also engaged Acuite Rating to obtain advance rating for the same.

- The **rating improvement** is anticipated to achieve requisite credit rating levels making the instrument eligible for trading. This shall **improve liquidity of the instrument**.

Rationale for Proposed Changes in Terms of Perpetual NCDs

The rate reduction as proposed is mainly due to following key factors.

- The security towards the instrument improves with GoG support committed for servicing through a Government Resolution
- The perpetuity in nature of existing 60 years bonds shall cease to exist removing the perpetuity risk on the instrument.
- The tenor of the instrument will be truncated to coincide with the first call option date.
- The credit rating of the NCDs will improve based on the support being provided by GoG.
- The tradability of the bonds will improve due to upgrade in the credit rating.
